

We cannot but speak the things which we  
have seen and heard.—Acts 4:2

Grenada County seems to be paying more attention to Mississippi School laws than to the U. S. Supreme Court. A very nice brick school for colored kids has been set up and is operating every day almost in the shadow of the white Holcomb School. This school, in which there are six colored teachers, and which is served by two school buses, attends to the educational requirements of colored grammar school students of the rural areas of Beats 5 and 1, an area roughly centered by Holcomb. Colored high school students of this area, as well as from all over the county come to Grenada by school buses. At a later date, when a picture of the school is available, we hope to have a complete article about this fine school, built after the famous decision of the Supreme Court was announced.

I did not realize how important, financially, the telephone company was to the economy of Grenada. As a matter of fact, in Grenada there are 54 employees receiving an annual wage of \$148,000 plus, while in Water Valley there are 14 employees with a gross wage of \$33,260.

Several people have asked me why Rodney Deffenbaugh did not take that job as editor of the new paper scheduled to start in Jackson. As I told those who asked me, frankly I just don't know, and I don't. But I do know that starting a new paper in a field dominated by the dug-in Heddermans is more than a notion; that there is no assurance that any new paper will last, no assurance that a man with a job with a new paper will always have a job. The Heddermans ARE dug-in in Jackson, what with lots of money, lots of property, lots of prestige and it is more than an idle notion going up against such an accumulation of capital. Whether right or wrong, that's my answer.

As a matter of fact, to show how times live, some folks still refer to the GCW as the Grenada Sentinel even if the old Sentinel has been out of business about 18 years and the GCW has been here a little longer than that. In a minor way, the GCW is rather dug-in in Grenada.

Dates reported that a fellow came in asking about bag limits of geese and ducks. Daves said the fellow had the water turkeys and four coots in his bag.

That was a mighty fine piece about Mrs. Monte Gillon in a recent issue of the Star. Unquestionably, Mrs. Gillon is a real community leader.

There is free cheese in the trap, but you never see any happy people around there, said one fellow who had monkeyed around the welfare department.

Short editorial: a beautiful blond, did ONLY in a mink coat, went into a dice game in Las Vegas, took off her coat, picked up the dice and rolled them. Pretty soon, she picked up the money and walked out. Thereupon the dealer asked, "what was her point."

One could hardly call it a potato "patch" that Billy Hayward harvested last week. It was a regular field of sweet potatoes. He fed a lot of them to his cows and stored 1,000 bushels of eating size.

Mrs. C. H. Dean, whom Grenada folks will remember as Mrs. Gresham, visiting here briefly from her new home in Battle Creek, Mich. came in recently and renewed her subscription. She had seen her son, Robert Gresham, while on a trip to Texas. Robert, once with the FBI, is now with a national chamber of commerce project but still lives in the Washington, D. C. area. Mrs. Dean looked quite chic and apparently was enjoying the best of health.

Kate and Woody Woodward, our subscribers in San Antonio, Texas, dropped in the office for a little visit recently. They are now happy since they got their San Antonio address changed up and they get the GCW regularly and promptly.

We have plenty of Christmas cards. Boxes of 25 and 50 cards and envelopes, \$1 and \$2 per box with name imprinted on them. Nothing all of that fancy, but very pretty, certainly good enough to give away. Drop by and see them.

Have you examined your copy of the annual report, sent out in mimeo-

## GIANT CHRISTMAS PARADE Scheduled For December 1

Bill Morris, Chairman of the Parade Committee, announces that fifty VFW members will help him with the parade line-up and control of spacing and speed of units all along the route. Floats will line up on Line St. starting at the Baptist Church with the silent marching units in front of the church and the bands on College Blvd.

The parade route will be from College Blvd.-north on Main Street to Third St. - down Third to Levee - north on Levee to Depot - up Depot to Main - around the Square - south on Main to Third and West on Third to the High School where they'll disband.

Al Gully, chairman of the Retail Merchants Committee commended to my Bell and Jay Gore Jr. for their success in getting bands to Grenada to participate in her Christmas Parade. Eight out of town bands will be in Grenada for the big event, Wednesday, December 1. This is twice as many bands as has come to Grenada for previous Christmas parades.

Grenada's own band will lead the parade which will begin promptly at 3:30 p. m. Other bands interspersed among the floats will be Charleston, Calhoun City, Sardis, Houston, Greenwood, Indianola, Bruce West Tallahatchie and Grenada's Second Band.

Band members will be treated by the Chamber of Commerce to a spaghetti supper immediately following the parade at the City Hall. The Pilot Club is in charge of the meal. Dennis Bakery is donating 600 cookies.

Mrs. Martha Rice and Bob Seifwell co-chairmen of the Christmas Program, announces that everything is in readiness for the biggest and best parade Grenada has staged yet.

A group of carolers under the direction of C. Herbert Batson, Music and Educational Director of the First Baptist Church will herald the approach of this grand Christmas Parade, Wednesday, December 1 at 3:30 p. m. The sixteen voices will include members from a number of Grenada churches.

The parade will be divided into 3 sections, titled Part I, Interlude and Part II. Banners announcing each division will be carried by Cub Scouts. Part I and II will be made up of floats, and silent marching units. Interlude will be a display of automobiles, all the newest 1954 models, plus a 1909 Buick entered by G. C. Grady Buick Co.

Almost twice as many clubs and merchants will be represented by floats this year, Billy Hoffa, Float Chairman, reports. They are: VFW and Auxiliary, Kiwanis, Lions, Rotary, Junior Auxiliary, National Guard, Trusty's, Dattel's, Jitney Jungle, Morris and Jones, Revell's Nelson-Stricklin, Horton Dry Goods, Puckett and Brown, Monte Cristo, the Druggists, Hill Implement, Liles Produce, Phillips Building Supply and Lumber Co., Clear Creek Ranch, Mississippi Power and Light, Lickfold's, Hi-Yi Club Methodist Church, Chamber of Commerce and a Surprise Float.

Jay Gore Jr. and Thomas Bell chairman of the Band Committee, announced

graphed form by John McEachin, city manager. If you have not done so, you should read it to see how the City, of whom you are a stockholder, is getting along financially. In my opinion, the City is doing pretty well, considering the many vexing problems it has.

Route 4 was heard from Saturday in the persons of Fisherman John Adams, W. E. Weir and Mrs. A. J. Mitchell.

Big Creek was heard from sady afternoon in the person of C. C. Pony Costlow who was trying to knock the door down to get in.

I caught Lacy Thomas of Cascilla, Free State, on the street one day recently and inveigled three dollars out of him.

I went out to the VFW home sady afternoon but to find that Ben Sanders had not yet blacktopped the road and I was surprised. I have seen supervisors in this county put circular graveled drives plum around the homes of their constituents. The VFW home is "home away from home" for 400-600 men of Grenada.

nounces bands who will participate are: Bruce, Calhoun City, Charleston, Sardis, Houston, Greenwood, Indianola, West Tallahatchie and Grenada's two fine bands.

Marching units will consist of the Cub Scouts, Girl Scouts, Brownies and Scouts of the Nazarene Church.

Presentation of the awards to winners of prize floats will be made at 7:30 p. m. at the City Hall with Mayor R. A. Clanton officiating.

Many business firms have made donations to the street lighting and decorating committee and R. L. Carson, chairman of street decorations welcomes more assistance. Send your check to Chamber of Commerce and mark it "Christmas Program."

### To My Friends in Grenada County

In the course of recent months I have received a number of solicitations to be a candidate for county office in the 1955 elections. I wish to express my grateful appreciation for these manifestations of friendship and confidence. However, I shall not be a candidate because I have decided to devote my full time to the support of Judge J. P. Coleman for governor.

Judge Coleman and I grew up together in Choctaw County and have been lifelong friends. I believe him to be the kind of man to serve us in these crucial times.

Again thanking each of you, I am  
Your friend, Jimmie Sides.

Mrs. John McDonald visited her daughter at Vicksburg the past week end. Her daughter has polio.

### DICK LATHAM DEAD AT HOLCOMB HOME

#### Born In That Community 80 Years Ago

John Richard "Dick" Latham, 90, died in his country home a few miles south of Holcomb Monday of this week and was buried at Sparta cemetery Tuesday afternoon.

He had lived in that section all of his life, having been born there about 80 years ago. Before his health became impaired about 5 years ago, he looked after his extensive farming interests and dealt in cattle. He was known as a shrewd swapper. Court in Grenada was not considered official unless Dick Latham took part in the proceedings.

His widow, the former Miss Bessie Ray, survives him as do three sons, Ray and Onnie of Holcomb and Grady of Grenada; three daughters, Mrs. Bell of Detroit and Mrs. Garrod of Carrollton and Miss Madie of Holcomb. He has three living brothers, Buford of Holcomb; Silas of Grenada and Lee of Tutweiler.

### Duck Stamps Available

With the tremendous demand for migratory bird hunting (duck) stamps, with Grenada Lake now a reality and due to the fact that many of offices in a wide area sold out of duck stamps earlier than usual, the stock at the Grenada post office was temporarily exhausted, even with nearby offices dividing with it.

Large supply of duck stamps was received Saturday and there will be plenty of stamps available for the entire hunting season.

Cooperating to make this inspection trip informative, as well as pleasant, were John Brewer, President of Chamber of Commerce, Mrs. Virginia Hubbard, manager of CofC and Mr. Spraberry, agriculture teacher of the Gore Springs School, who with his committee served the beautiful dinner to about 130 guests.

## Thanksgiving Day — 1954 (By Mrs. W.W.W.)

President George Washington twice appointed a national day for giving thanks in those perilous days when our young nation was becoming established but Thanksgiving Day on

a national observance status wasn't recognized until President Abraham Lincoln designated the fourth Thursday in November as a national day of Thanksgiving. President Lincoln did this in November of 1863, exactly 90 years ago.

Before the mechanized farming era the simpler methods of farming did not create the great harvest now produced. Now, we are raising more than we can consume or sell, and it is well to ask ourselves "How does all this effect our feeling of thankfulness?" Does Thanksgiving find us poorer in heart amidst all of our abundance?

In religious circles the observance of Thanksgiving is as old as old. The religious minded Pilgrims set aside a day to give thanks for the harvest. For ages the Hebrews celebrated the Feast of Ingathering for seven days and in ancient Europe, when the harvest was all in, the people praised

God with thanks. In England a festival called "Harvest Home in England" was observed every Autumn. In each of the eras of history, the thought and prayer in each worshipful persons heart was and is expressed in these lines:

"In the time of prosperity, fill our hearts with thankfulness, and in the day of trouble, suffer not our trust in Thee to fail." Each day that God gives you and yours to live, give thanks to Him.

### BUTT-JORDAN VOWS SAID IN QUIET CEREMONY

Mrs. Louise Austin Jordan surprised her friends, when on Saturday, November 20, she and Mr. L. D. Butt were married at Hot Springs, Ark. The ceremony was read in the study of the First Methodist Church, Rev. E. D. Galloway, pastor, officiating. Mr. Butt's granddaughter, Miss Deedee Butt and her friend, Mr. Ronnie Fondren were present. Mr. and Mrs. Butt are at home at 1234 Central Ave., Hot Springs, Ark.

Mrs. R. L. (Miss Etta) Scott, director of nurses at Grenada Hospital, entered Baptist Hospital in Memphis last Sunday, preparatory for surgery.

### BANQUET FOR METHODIST GUILDS

The WSCS and two Wesley Guilds of the First Methodist Church held a banquet last Monday evening at 6:30 in Fellowship Hall.

A delicious plate was served from the banquet table where place mats and napkins depicted maps of India. Fall flowers graced the tables which were elaborately decorated by Wesleyan Guild No. 1.

After the banquet all joined in singing several songs of India in India language.

At the conclusion of the banquet an interesting play was presented, titled "Life in an Indian Hospital."

The event was attended by 130 members. Mrs. Felix Sutphin was mistress of ceremonies and she was attired in a green sari.

The banquet culminated the close of the study book no India, Pakistan and Ceylon.

### VISITOR PETED

Among the several lovely affairs planned for Mrs. Woodward of San Antonio, Texas, nee Kate Lickfold of Grenada, was the afternoon party on Tuesday at 3:30 at the home of the Misses Ouff.

The living room and dining room were beautifully decorated with yellow and bronze chrysanthemums.

After an enjoyable social hour a party plate consisting of frozen fruit salad, rice and cookies and tea was served to twelve friends of the honoree.

### TEA FOR VISITOR

Mrs. F. R. Lickfold entertained at a tea Saturday afternoon, 3:30 to 5:30 in honor of her cousin, Mrs. Kate L. Woodward of San Antonio, Tex., who arrived last week for a visit here in her old home town.

The tea was given at the Womans Club Room which is located at the Grenada Library. Exquisite yellow chrysanthemums and ferns were arranged in profusion and the mirrored mantel held a most artistic arrangement of mums. The lace draped table was centered by the yellow mums, flanked by candles in silver holders.

Mrs. John Sidney Sharp served tea from the handsome silver service and Mrs. R. W. Sharp served the individual cakes and the guests served themselves from trays of chicken salad sandwiches and toasted cheese squares.

Both Mrs. Lickfold and Mrs. Woodward were handsomely attired in semi-formal afternoon frocks and they welcomed the guests as they arrived throughout the appointed hours of the afternoon. Others assisting were Mesdames Donald Sharp, Evelyn Dickerson, Lucille Meredith and Miss Eird Sharp.

Mrs. Ben Townes and her sister are on a two weeks trip to the East and while away they will attend the Army Navy football game.

Miss Jane Young and sister, Mrs. B. C. Adams, Sr. returned Tuesday from a delightful visit with their sister Mrs. Kate Reeves in Weatherford, Texas.

Mrs. John Grimes of Nashville, visited her parents Mr. and Mrs. L. C. Proby recently, and Mrs. Proby returned to Nashville with her for a visit.

Mrs. Roberta Burkley visited her brother in Mobile, Ala. the past 10 days. She is expected home early this week.

Mrs. W. E. Smith Sr. returned to her home at Hardy last Thursday after a visit in the home of her children Mr. and Mrs. Hudson Powell in Dallas, Texas. She went to greet her newly arrived grandson, named Charles

Edward Powell. The little boy is named Charles for the late Charles Lickfold of Grenada, a great uncle, and Edward for grandpa (W. E.) Smith of Hardy.

### AFTERNOON PARTY ON THURSDAY LAST

The lovely home of Mrs. Ray Horton was the scene of a beautifully planned coffee hour last Thursday afternoon 3 to 6 o'clock. Mrs. Jake Gowan was cohostess with Mrs. Horton.

Lovely chrysanthemums decorated the home and in the dining room the table was centered by a bowl holding rose colored mums interspersed with foliage and ferns. The lace cloth over laid pink drape and the pink tapers which glowed in silver holders created a lovely setting for the serving of refreshments. The buffet arrangement was of white mums and here white tapers shed a soft glow. The mantel in the living room held an arrangement of pink mums and here two pink tapers added a lovely decorative touch.

A party plate holding cheese sandwiches and chicken salad sandwiches, a tart candied crab apple, with coffee served from a tea cart, was served to sixty five guests. Assisting the two hostesses were Mrs. H. L. Wright and Mrs. J. M. Webb.

### ARTISTIC HOLIDAY DECORATIONS

We are in receipt of a request from Mrs. Marsh Pickett of Greenwood to the effect that Mrs. Hugh Sutherland, nationally accredited flower show judge, lecturer and instructor will be in Greenwood on Monday, Nov. 29th at 7:30 p. m. at the Confederate Memorial Building which is located on corner of Henderson and West Washington in Greenwood. Materials will be on sale and admission is \$1.00. A cordial invitation is extended to their Grenada friends. The above event is sponsored by the Greenwood Junior Woman's Club.

Mr. and Mrs. H. W. Segura and 4 children of Louisville, Ky. will arrive Wednesday and remain here as guests of their brother and sister, Dr. and Mrs. A. T. Nadeau and daughters through the Thanksgiving holidays, returning home Sunday.

Mrs. W. H. Saunderson is spending Thanksgiving in Memphis with her children, Dr. and Mrs. Marion Moore and two little daughters.

Mrs. F. T. Gerard and Mrs. A. W. George will attend a family dinner party in Memphis at the home of their nephew Dr. Moore Moore Jr. on

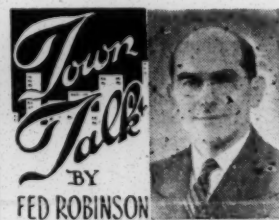

### Thanksgiving Day.

Mrs. L. P. Horton Sr. and daughter, Mrs. Lamar Chamberlain and her little daughter are spending Thanksgiving holidays in Memphis with L. P. Horton, Jr. and family.

Mrs. Fred White and daughter Pat of Memphis, formerly of Grenada, were weekend guests here of their daughter and sister, Mrs. Joyce White Young and Mr. Young and their fine little 8 months old son. The Youngs recently returned to Grenada from Memphis and live at the apartment in Mr. and Mrs. Shettles home on Cherry Street.

Miss Bess Sharp of Monroe, La. is visiting relatives here in the R. W. Sharp home on Main St.

Mrs. A. B. Worthen of Selma, Ala. was the guest last week of Mrs. Milton Percival.

Today with some friends, I rode over a 300 acre delta farm from which the owner said he had harvested about 2000 bales of cotton this year and complained it had been a bad year for cotton. "Where do you find enough people to help you cultivate so much land?" I asked, and he said they live in those little houses you see dotted around the turn-rows here and there. "What would you do if the time came when you couldn't employ enough of these people to handle all this land?" and his reply was "the only thing I worry about is how to hold down the number I need. There are plenty of sharecroppers." I know enough about farming to know that a sharecropper has a hard life and have always been sorry for them in many ways and for many reasons. The owner provides them with the bare necessities of life from spring until fall and when the crops are gathered and the owner is repaid there is seldom any money left for the family who sweated through the long hot summer months plowing and hoeing those long cotton rows. About all they get out of it is a roof over their heads and enough food to keep them going back to the fields day after day. "There's afield with still some cotton to be

picked, what will you do with that?" The man said "I thought I would save that second picking for some of my sharecroppers who didn't come out even this year and will let them get in there and pick what's left so that they could have a little money for Christmas" he said. Mechanical cottonpickers are manufactured here in Pine Bluff and many of them are in use hereabouts but they are very expensive. Yet, in a very few years, the plantation owner says, almost all the cotton will be picked by mechanical pickers. Hasten the day, I would say because picking cotton is hard work - like washing on the wash board - and I would be glad to see the process pass from the American scene. The big mechanical pickers are no table to pick the last 10 to 15 feet of each row where they turn around and the colored people over here refuse to pick the row-ends left by the pickers because they hate the machines.

We acknowledge a fine letter from Mrs. Sam E. Gillon of Gore Springs, Mississippi, to whom we had sent some clippings of "Easy on The Heart Strings" which she requested. Thank you for the most kind invitation to visit with you nice people Mrs. Gillon, and on our next trip to Grenada will be sure to do that. With a deep sense of humility I thank you for finding in the little pieces something to remember.

One morning recently while waiting for a package at the post office we observed an elderly man, shabbily dressed stood anxiously before the General Delivery window. When the clerk assured him there was no mail for him he turned away dejectedly, and the look in his eye flashed a mental note of despair I thought. A few minutes later I saw him again leaning against a lamp post on the corner. "I noticed you were disappointed in finding no mail for you this morning is anything wrong?" I queried. "Yes, I always get my Social Security check on the 4th. Can't understand why it didn't come this morning." He said. "Well, today's only the 3rd day of the month" I explained. "I need it so badly now." "Well would this bill tide you over?" I offered. "It sure will and thank you - but how will I find you to repay it?" "Well, if you like you may leave it with Miss Henderson there at the postoffice and she will get it to me." Well, what do you think happened? Two days later Miss Henderson sent me the repaid loan and said the old man asked her to tell me "Tell the man thanks a lot, and I will meet him in Heaven." I was telling Bob Rhinehart about

the incident and he in turn told me of passing an old Negro whose car had stalled on the road one night, and he backed up to the spot and pushed the dead car until it started. Then two months later Bob was driving in the state of Wisconsin and ran out of gas 4 or 5 miles from a gas station when a fellow stopped and pushed his car to the nearest station. Bob wanted to pay the man, but the man said "No, no charge except you do the same for someone else sometime" and Bob immediately remembered the old Negro whom he had helped back home in Arkansas a short time before. Well, we hope you believe that the spirit of the Jericho Road story still exists in this old world and is re-enacted every day in the lives of many people.

—Fed.

### IT IS BETTER TO GIVE THAN TO RECEIVE

(Mrs. J. M. Bryant)  
It is better to give than to receive. I would hear my elders say: I always had this thought, I see things in quite a different way. There were times when I would say, your quotation sounds just fine. But I want to be found on the receiving end of the line.

When I grew older with a more serious thought, I had a chance of heart and in being so selfish I never cared to have a part.

I had so few worldly goods, I asked my God what could I give? You will find many, many things while on this earth you live. If you will only refuse to live a life of greed.

It will be quite easy to find so many in need.

I have only been able to give little things, but can't you see: "As much as ye have done it unto the least of these, my brethren, ye have done it unto me."

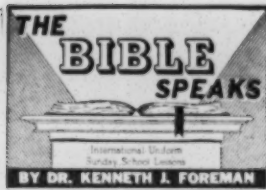

Friends, for all you give to those in need, you will receive full pay. By having joy singing in your heart day by day.

Mr. and Mrs. L. C. Cohea were Sunday guests in the home of Mr. and Mrs. E. G. McCormick at Elliott.

### Time of Trouble

Lesson for November 28, 1954

THERE is nothing modern about trouble. Nothing old-fashioned either. You can't be up-to-date in any century if you don't know about the troubles going round. If you met William Shakespeare and Julius Caesar and Buddha and Methuselah all at once, the one thing you could all talk about and understand and another perfectly (provided you spoke the same language) is Trouble.

**Fears**  
"We have nothing to fear except fear itself," said a great American President. That is sometimes true, but only when there is nothing really to be afraid of. At any rate, ever since the human race began, people have been afraid both of what was likely to happen and what not likely to happen. They have been afraid of what was really there, and afraid of ghosts born of their own imaginations. Fear is not all bad; when it is no more than knowing the danger exists, it is a good thing. It is good to know that poisons hurt, that there is a ditch across the highway, that the curve ahead is a sharp one. A healthy fear of such things is good and keeps us alive. But there is fear which is paralysis, "butterflies in the stomach," first cousin to panic; and this kind of fear only adds to whatever danger or trouble there may be. Now we can read, in Psalm 46, that poet's pointed words about fear; and it is plain that men in his time had the same terrors as ourselves. One feels here the dread of violent change; and is not exactly that, under its current form of communism, what we are terrified of in our time? One feels in this Psalm also the dread of war, and in our times with the H-bomb and the C-bomb threatening us—not just the boys that go to war, but every man, woman and child on the planet—who can sleep with an easy mind?

### Loneliness

Another kind of trouble is loneliness. Psalm 142 brings this out; the writer felt that no one was on his side, no one even cared whether he lived or died. He speaks too of the worst kind of loneliness—or one of the most painful kinds—that is to say, being in prison. We should remember always that there are in this world today an estimated eighty million refugees, that is to say, people who have literally no home and are, perhaps for the rest of their lives, strangers in strange lands, people who live behind barbed wire, people nobody wants. We cannot forget the millions of others who would perhaps rather be refugees, if they dared, than live where and as they have to live, as slaves of some police state, under the lash of taskmasters from whom there is no appeal. But even if all the cruel governments in the world were abolished tonight; even if all the millions of refugees found home and shelter; there still would be as there have always been, millions who could echo the Psalmist's plaint, "No man cared for my soul." Loneliness—the first men knew it, on dark hunted nights in a wilderness they did not understand and could not yet control; the last men will know it, on a dark hunted day among the skyscrapers fleeing vainly from the invisible poisons of the radioactive air. And in between the first men and the last, where is the human being who has not at some time or other felt himself deserted and alone?

### God Is Our Help in Trouble

The Psalm-writers knew all this; and yet they could sing. They sang because above all the troubles of time they kept touch with the eternal God. "He will help," they said. How does God help the believer in time of trouble? He does not always help by keeping an umbrella of miracle over the heads of the saints. Not even Jesus was without tears and death. Read these Psalms to see how God was their "help in ages past" as he is "for years to come." Men of faith, they were able to rise under their troubles, they found courage through contact with the God of all. They knew, as we sometimes forget, that God made this world, that it is still His, that above all earthly powers in His sovereign power; that in His own time, in His own way, His will be the victory.

**GRENADA HAS STATE PARK SCENIC DRIVE**

The new road connecting New No. 8 Highway to old No. 8 in the State Park area lying South of Grenada

Lake is one of the most beautiful drives in this part of the South. It is in the hill section and the gravelled road should be called a 'Scenic Drive.' There is not prettier driveway in the Carolinas or Tennessee. It equals the beauty of the Ozarks and if one drives from new No. 8 to old No. 8 glimpses of the water of Grenada Lake can be seen beyond the hills, which at this time of year is brilliant and rich in the multicolors of Autumn.

By all means make this trip before the color fades. Its beautiful!!!

Mr. Irvin D. Houtz of Canton, a graduate registered pharmacist, has assumed his duties at Futhy's Sund-

ries and Drug Store located on Highway 51 South, across from Grenada Industries.

We will run a story of the announcement. We will put the name in the candidates announcement column and

### Why Should the Amendment to Abolish Public Schools to Prevent Integration be Passed?

The ensuing is the very heart of the contention of those who are promoting the idea of voting "yes" in the

election of December 21 which is for changing the state constitution which will permit the state legislature, in its discretion to do away with public schools in Mississippi.

This Amendment DOES NOT Abolish Our Schools. In fact its sole intention is to save our schools.

We believe that the immediate effect of enforced integration in the public schools of Mississippi would bring disaster to both races. The differences in folkways between the two races are too great. The Mississippi public will not support with their taxation integrated schools nor will they allow their children to attend them. The Mississippi Legislature will not make appropriations to carry them on. In other words, if compliance to the Supreme Court decision is attempted the U. S. Supreme Court itself will have abolished our public schools in Mississippi.

Since the immediate effect of enforced integration would mean death to our public schools, we endorse the proposed amendment to the constitution of the State of Mississippi which would give to the State Legislature or to individual communities the right to an alternative in setting up private schools as a last resort. We believe that this may ward off attempted integration in the first place and give one last remedy if the Federal Government tries to force compliance with the Supreme Court decision.

We pledge ourselves to support the proposed amendment in our respective communities and to use every other means in a local level to bring about understanding and cooperation between the races to the end that we may have voluntary acceptance of separate schools for both races.

It is the duty of every group, organization, and individual in Mississippi who has the interest of the children of his State at heart to see that this amendment is passed.

This should be copied and widely distributed by your Citizens Council.
